CLEAN UP THE LAKE

REACTIVATE TO PROTECT

Get back out there and refresh your dive knowledge and skills so you can dive into making a difference! Whether you are preparing for a dive trip, looking to shake off the dust or wanting to update your certification this course if for you!

ENVIRONMENTAL FOCUS

Get a tour of the environmental dive center, learn about the ways you can continue your education to help contribute to conservation diving efforts. Learn more about Clean Up The Lake's upcoming projects, how you can get involved and engage in discussions about conservation diving techniques used by CUTL and the training opportunities available to help you grow your conservation diving skillsets.

CLASS COMPONENTS

- Assemble a scuba unit
- Handle common problems
- Perform basic skills with ease

PADI OBJECTIVES

Refresh your dive knowledge and scuba skills. Move quickly through topics you know well, dive deeper on topics where your knowledge may have lapsed.

- Refresh your skills before a trip
- Prepare for your next course
- Get an updated certification card

WELCOME BACK!

Getting reacquainted with your dive knowledge opens the door for endless opportunities to give back to the environment both locally and globally.
